## AMENDMENT TO THE CODE OF FAIR COMPETITION FOR THE COTTON TEXTILE INDUSTRY

Section XVII of the Code of Fair Competition for the Cotton Textile Industry is hereby repealed and the following provisions shall be substituted therefor:

"XVII (1) The Textile Labor Relations Board shall appoint a Cotton Textile Work Assignment Board, to be composed of an impartial chairman, one representative of the employers subject to the Code of Fair Competition for the Cotton Textile Industry, and one representative of the employees in that Industry.

"(2) In order to provide opportunity to develop a sound method and adequate organization for the regulation of work assignments, no employer prior to February 1, 1935, shall make any change in work assignment of any class of employees which shall increase the effort required over that prevailing on September 21, 1934.

"During this period the number of looms, frames or other machines required to be tended by any class of employees shall not be increased where the character of the raw material, yarn, construction of cloth, preparatory processes, type of equipment used, or character of finish or put-up, is not changed. Where such changes do occur the number of machines tended by such employees may be increased or decreased in such manner as will not increase the amount of effort required of the worker.

"Where, during the period above referred to, a mill resumes the manufacture of any specific product which it has made within six months prior to September 21, 1934, and where the conditions of manufacture enumerated in the preceding paragraph are not changed, then the work load formerly used on such product shall be the guide in determining the proper work assignment.

"Where, on September 21, 1934, a new style of yarn or cloth or any other new type of product was in course of introduction or is thereafter during the period above referred to introduced into a mill or finishing plant, a tentative work load may be established during the period of determining a proper work load in accordance with the foregoing principles.

"(3) Prior to February 1, 1935, on petition of any employee or employer affected, or his representative, or on its own motion, the Cotton Textile Work Assignment Board may investigate any work assignment which has been increased since July 1, 1933, at any mill and the mill shall show the reasons for such increase. If after hearing the Board finds such assignment requires excessive effort it may require its reduction accordingly.

"(4) The Cotton Textile Work Assignment Board shall have authority to appoint district impartial chairmen and such other agents as it may select and to issue rules and regulations to carry out the foregoing provisions of this Section.

"(5) The Cotton Textile Work Assignment Board shall, subject to instructions of the President, make a study of actual operations in representative plants and report to the President as to a permanent plan for regulation of work assignments in the Industry."
